2. We require you to contact us so we may have the opportunity to select an ***independent licensed contractor*** to perform the service. **We will not reimburse you for services performed by your own contractor without prior authorization and in writing by one of our claim specialists and proper documentation.**
3. When you call EquityHW to Request Service, we will contact an ***independent licensed contractor*** that specializes in that specific trade and they will contact you directly to schedule a convenient appointment during normal business hours. **You will be responsible to pay the Service fee to the contractor when they arrive to perform service unless previous arrangements have been made.** Your assigned ***independent licensed contractor*** will typically call you within twenty-four hours during normal Business Hours (*MST*) to set your appointment that is convenient to both contract holder and contractor. No-show or improper notification to cancel service will result in a \$75.00 service fee.
4. To ensure you receive unbiased and reputable service, EquityHW has built and approved an extensive network of Independent Licensed Contractors who provide service to our Contract Holders.
5. Our network is not all-inclusive for every trade or available in every City or Town. For that reason, we may authorize or require you to contact your own Independent Licensed Contractor (*Outside our network*) directly to obtain service. If so, a Claim Specialist will provide you with pre-authorization. Pre-authorization is not approval. EquityHW will approve payment or reimbursement once contractor calls with diagnosis. Reimbursement is based on our negotiated rates with our Independent (*in network*) Contractors and Supply Warehouses. All reimbursements must be submitted to EHW prior to contract expiration date.
6. Under normal circumstances, EquityHW will initiate the performance of services within 48 hours after the request of the Contract Holder. In the event of an emergency, we will make reasonable efforts to expedite service within 24 hours. If you should request us to perform a non-emergency Service Request outside of normal business hours, you will be responsible for payment of additional fees, including Emergency overtime and travel. This will be assessed by the Independent Contractor upon arrival.
7. a) Each Service Request placed will pertain to items of one trade only. b) Service items opened within the same Service Request for a different trade will be subject to an additional Service Call Fee (**\$75**). c) Additional fees may be required to open a Service Request for properties out of normal network boundaries or zip codes in rural areas. Please call EquityHW for Details if you feel this may pertain to your covered property. d) Service Call Fee(s) are due whether service is covered or denied. Service work is guaranteed for 30 days after completion of repair.
8. It is the Contract Holder's obligation to select the trade type when requesting service. In the event the Contract Holder selects the wrong trade type the Contract Holder is required to pay a second service call fee to re-dispatch the appropriate service request. We cannot respond to a new Request of Service until all previous Service Call Fees are paid. Failure to pay the Service Call Fee will result in suspension of Coverage until such time as the proper fee is paid. At that time, Coverage will be reinstated, but the contract period will not be extended. Service work is guaranteed for 30-days after completion of repair.
9. It is the responsibility of the Contract Holder to have the Area of Service Work free and clear of non-related items for the Independent Contractor. In the event the area is not accessible, the contractor will return at a later date and the Contract Holder will be responsible for an additional Service Call Fee. Contract holder or a person age 18+ must be present at the time of service or be subject to rescheduling and an additional service call fee.
